Hi Dave,

I got an reject email that the attachments were too large, so I will send the Environmental Justice document in a separate email.

Subject: Follow-up from our meeting on Sept 30

We appreciated the opportunity to meet with the Cheyenne River Sioux Tribe on September 30.

I made notes on these action items for myself:

1. Provide the UIC Draft Permits and Fact Sheets
2. Provide the comments on the 2017 draft permits

If there is any other information that I can provide, or if I left something off this list, please let me know.

It turns out the two documents containing the public comments are too large to email. I have provided the websites that take you directly to the documents. I know you mentioned during the meeting that you couldn't download the documents. Please let me know if these links don't work and I will print the documents out and mail them to you.

I have attached the Environmental Justice Analysis, the NHPA document and the document describing the changes made in the updated draft permits.

Here is the link to the docket where the administrative record is located for the 2019 permitting actions:

You can view the comments that have already been posted on this website.

Thank for arranging our meeting!
